DEDICATED
to

Dad, Carson A. 9-567, who persuaded me to carry on his hobby.

Dr. Clayton M. 10-46, who administered in his quiet manner and with subtle wit to the human and physical needs of others and set such a fine example for us to follow.

Silas Blake 9-214, who wouldn't let me give up.

Paul Henry 10-48, whose advice and encouragement were always available.

Clayton M. Jr. 11-26, whose efforts accomplished our goal.

Many thanks to all who have contributed to make this printing possible

May mistakes, if any, be forgiven. Great effort has been made to prevent them. I have condensed as much as possible without sacrificing data.

The story behind the several deaths.

"They moved from Pa. in 1842 into the Wilderness of Ill. into an unchinked log cabin. The whole family took sick from exposure. Simeon (father), Zenas, John, and Phoebe, lying dead in the house at the same time, Minerva (the mother) and Belinda still sick in bed. Eunice was not named but died young, perhaps at the same time" but letters would indicate she was still alive in March 1844.

They were married in Pa. as both of their homes were near Leechburg, Pa. They moved to Athens, Ohio and then to Taylor Co. Kentucky near Campbellville, where she died. Samuel with his two small children and Aberham Lincoln son of Silas 8-474 went to Iowa, near Sioux City. He left Lincoln there.

8-478 continued

Samuel Newell with his two ch. took up a homestead near Mankato, Kans. He served in the Union Army. In 1879 he died leaving his children alone. A neighbor had been staying with the family at night. But the night of his death the neighbor left. Samuel knew he was dying and begged the man to stay. He told the children he would leave them before morning and that they must not be afraid. He instructed them to make a bed on the floor by his bed. When he no longer was breathing they were to cover him with a sheet, put the pet cat out doors, lock the door and walk nearly two miles across Country to the home of Uncle Rice, who was a distant relative. Dr. Crew of Mankato, Kans. took the children until they were of age. Milon fared fairly well as long as the doctor's wife lived. After that he was not allowed to go to school and very often was without shoes even in winter.
